Drawings

3. This application has been filed with formal drawings which are acceptable.

Allowable Subject Matter & Reason for Allowance

- receiving a first expert qualification corresponding to a first expert;
- selecting a second expert that has a second expert qualification, the second expert qualification being higher than the first expert qualification;
- transmitting the first expert qualification to the second expert;
- receiving a signal from the second expert that indicates approval of the first expert qualification;
- receiving an end user request from an end user; selecting the first expert based on the end user request; transmitting at least a portion of the end user request to the first expert;
- receiving the expert answer responsive to the end user request; the expert answer containing information about the second expert; and
- transmitting the expert answer to the end user.
